

## Submission Log File

Name: Raj Wadia

Student Number: 200449347

Class Number: 398

SQL username: rmw462

SQL Password: sql2022CS215

Link to my web application: <http://www.webdev.cs.uregina.ca/~rmw462/Class-asg/index.php>

### List of files

- 1) Index.php:- it is a login page that would verify the user's credentials with a database and let them login if the credentials match.
- 2) Signup.php:- It allows user to create new account and input the data into the DB
- 3) Note-list.php:- It displays all the current users notes and the notes that were shared by other users.
- 4) View-contribute-note.php: it allows user to view the contributions made by other user and also allows them to make a new contribution
- 5) Share-note.php:- this page allows user to grant/revoke the access to other users (not functioning)
- 6) Create-note.php:- It allows users to create new notes.
- 7) Logout.php:- It let the user logout of the current session
- 8) Db.php:- It has the code that is used to connect to the database.
- 9) Uploads folder:- This is where the users' avatar images are stored.
